AIRROSTI
WE FIX PAIN FAST

in-network with
Anthem

Airrosti providers are experts at accurately diagnosing and rapidly resolving the source of most injuries and associated pain — including chronic back and neck pain, carpal tunnel, and tension headaches — as well as acute injuries, such as plantar fasciitis, sprains, and tendonitis.

Attention to detail and time commitment to each patient leads to more accurate diagnosis and treatment. Each one-hour Airrosti appointment consists of a thorough clinical assessment, hands-on manual therapy, and an active care program to speed recovery and prevent future injury.

3.2 AVERAGE NUMBER OF VISITS TO **COMPLETE** *injury* RESOLUTION

CALL 800-400-6050 TO DISCUSS YOUR TREATMENT OPTIONS WITH AIRROSTI. HERE'S HOW IT WORKS:

1

During your first visit, your Airrosti Provider will thoroughly assess and evaluate your condition, identifying the root source of your pain and determining if Airrosti care is right for you.*

2

Your Provider will walk you through a detailed explanation of your diagnosis and help you understand your care options.

3

Airrosti's goal is to get you out of pain quickly through safe and effective treatment designed to resolve pain at the source without long-term pain management plans.

4

Treatment is followed by a customized active care program and at-home care instruction to help you get better faster — with lasting results.

5

Based on patient-reported outcomes, Airrosti helps eliminate the need for opiods and pain medications in 94% of cases. Additionally, Airrosti care leads to an 80% reduction in the surgical occurance rate, as well as a 40% reduction in the total cost of care.

**If your Provider determines that Airrosti can't help you, or you decide during your first visit that you do not want to seek Airrosti treatment for your injury, your visit up to that point will be free of charge and Airrosti will refund any money that has been charged before the start of the visit.*
